Dear Public Officials - I am writing to express my concern regarding the potential approval of the current plan for Normandy Towers in Central Square. It is an indication of the absence of a master plan for the city.

As a 35+ year resident of the city, I am surprised at the significant changes that do not reflect strategic planning with concern for affordability and the environment as priority goals- something that other governments in urban settings have been able to achieve.

I encourage you to consider the alternatives. Thank you for your consideration. - Norma Wassel
